

Privacy Policy

The below policy applies to all information collected by SpatialEye on the iOS platform.

Information Collected

SpatialEye does not collect any personal information from its users. There are no ads (targeted or otherwise) or third party links within the app.

User Data

The application does not request or store any personal user information.

User Consent

By using SpatialEye, you consent to this privacy policy.

Contact

If you have any questions regarding this privacy policy, please email ranveer.m@eyefi.com.au.
